

The following is for exes who know little about the ex-student ass'n. For those "savvy" individuals who just want to contribute, go to page 2, print the form, and mail it (with your check) to the Treasurer.

As you know from reading the by-laws (ooooh, you didn't?), dues are non-compulsory. That's right, if you are an ex-student of Masonic Home and School (no, you need not have graduated from there), you are already a member of this august group. All we need is your name (please include maiden name), class year or year left, address, phone, and e-mail. Here's the way it works, if we don't get your address, you don't get a newsletter...you get the drift.

What do you get from us? Well, lots. Ever wondered what happened to _____? Well, they're wondering what happened to you. Purchase a directory and get your information in it and both questions are answered. We also provide you with this "nifty" website...I know, I'm dating myself, but I could have said, "groovy." We also mail you the newsletter unless, of course, you tell us you'd rather us save the money and print your copy right off this site. We still need your address for the directory. We also have a reunion every year! What, you don't have a big enough class? Yes, I know, the 3 from my class (we graduated 8) who showed up one year coulda' really ripped through Ft. Worth...well, we could have. However, seeing 200+ other exes was a lot more fun. Yes, every ex-student is invited to the reunion every year. We all have a common bond; I need not say more. I have made friends with those who graduated in the 30's—current. It's been a blessing. Odd years are in the DFW metroplex at an area hotel, even years are in another city in Texas. All have been great fun. We have a hospitality room with awesome food, usually a dinner with entertainment on Saturday night, and other activities, depending upon the city. 2007 will be in the DFW metroplex so plan to join us.

How do we do it? We do it with contributions from ex-students. Our requested dues are \$25.00/year. Do we need it? You bet we do. If each ex-student paid this, we wouldn't have to request any additional donations. The sad truth is that less than 15% of those on our mailing list pay dues. I myself was in with the 85% group for years. I'm making up for it now. I encourage everyone else to do the same if you can. See the next page for ways you can contribute.
